

4-DAY JULY 4TH CELEBRATION TO BE HELD IN TINLEY PARK

**Parades, Band Concerts; Fireworks
Refreshments; Parking, Admission Free**

Village Players to Give Mystery Play

The Mokena Village Players will present "The Night of January 16th" a mystery play in three acts on Friday and Saturday nights, July 11 and 12, at 8:30 p.m. at the Mokena public school auditorium.

"The Night of January 16th" is being directed by Mrs. Kenneth Sherwood, assisted by Miss Marguerite Bass and Mrs. Henry Clark. At both performances 12 members of the audience will be chosen at random to serve as jury and bring in a verdict at the close of the play.

Members of the cast are: Ray Heimerdinger, Ray Hoolehan, Marion Owen, Donna Bueschel, Clarabelle Sippel, Russell Stankus, Fritz Lehmann, Roy Richardson, Mary Hart, Mildred Anderson, Gerrit Swart, Edna Clark, Milton Geuther and Leo Marcoux.

Proceeds from this play will be used to purchase camping equipment for Mokena Boy and Girl Scouts, just as proceeds from the last play were used to help buy the new stage curtain now in use in the school auditorium.

Tickets for "The Night of January 16th" may be purchased from members of the cast, or from officers of the Players who are: Leo Marcoux, president; Donna Bueschel, vice president; Clarabelle Sippel, secretary; June Hentsch, treasurer, or from Fred Lehmann, ticket chairman.

Luetta Sabbert and Arnold Bizer United In Impressive Rites

Miss Luetta Sabbert, daughter of Rev. and Mrs. W. H. Sabbert of Hoyton, and Mr. Arnold Bizer, son of Rev. and Mrs. Erich Bizer, of Frankfort, were united in marriage at 6:30 Friday evening, June 20, in the Zion Evangelical and Reformed church in Hoyton. Rev. Sabbert, assisted by Rev. Bizer, performed the double ring ceremony before a setting of white regal lilies, fern and candelabras.

C. H. Struckmeyer, organist, played the nuptial music and accompanied Rev. Raymond Bizer of Geneva, Iowa, a brother of the groom, who sang "At Dawning," "Oh Perfect Love" and "The Lord's Prayer." Donald Sabbert, brother of the bride, played the traditional wedding march.

The bride was escorted down the aisle by her father. She wore a gown of white satin, fashioned with a tightly fitted bodice, a sheer yoke edged with Chantilly lace, which fastened down the back with tiny covered buttons, and with sleeves tapering to a point over the hands. The dress had a full flared skirt ending in a brief train. Her finger tip veil of illusion was held in place by a lace and satin corona trimmed with seed pearls. She carried a colonial bouquet of white gladioli and tube roses, centered with a purple orchid from which sat in streamers fell. Her only jewelry was a single strand of pearls, a gift of the groom.

The bride chose her sister Mrs. Max Pepmeier, as maid of honor. Miss Betty Drechsel and Mrs. H. W. Sterrett, both of Chicago and former room-mates of the bride at Elmhurst college, were her bridesmaids. They all wore misty peach ballerina net gowns over matching taffeta, with full skirts and net stoles. They wore matching headresses, mits and shoes, and carried dainty net fans on which green baby mums and baby's breath were arranged.

The groom was attended by his brother, Robert of Frankfort, and the ushers were Harvey Derendinger, uncle of the bride, and Max Pepmeier, a classmate of the groom.

For her daughter's wedding, Mrs. Sabbert chose a dress of rose butcher linen with black accessories. The groom's mother wore a navy crepe dress with white accessories. Both had corsages of baby orchids.

A reception followed the ceremony in the church parish hall. The bride's table was covered with a white lace cloth, centered with a four tier wedding cake which was encircled with white flowers and fern. Lighted candles in crystal holders were on either side of the cake.

The bride chose for traveling a mimosas butcher linen suit dress, with white and navy accessories. Mrs. Bizer has taught the lower three grades of Fulton school near Centralia for the past three years.

Mr. Bizer was a recent graduate of Eden Theological Seminary, Webster Grove, Missouri. After a short wedding trip, the couple will reside in Arthur Ill. where Mr. Bizer will be the pastor of the Zion Evangelical and Reformed church.

Plans have been completed and all arrangements have been made for Tinley Park's big Fourth of July celebration to be held on the 3rd, 4th, 5th and 6th of July at Memorial Park.

All of the residents of Tinley Park and the surrounding area are invited to take part in, and enjoy this traditional American commemoration. In an age of rapidly changing standards and manner of living, there are traditions that Americans cling to, and the celebration of Independence Day is one of them. The Fourth of July with flags flying, bands playing, parades, fire works, picnic baskets, watermelon, and lemonade, is the happy memory of many of us, and it is fitting that Americans young and old shall continue to enjoy the excitement of this midsummer holiday. In most of the towns and villages of the United States, Independence Day is celebrated with a community gathering and fireworks. But in the past this has not been the case in Tinley. The "Fourth" has been sadly neglected here, leaving youngsters and oldsters with the alternative of visiting a celebration in some other community or doing without.

Of recent years holiday travel on the highways has become unpleasant and even dangerous, and many people find it desirable to spend these holidays in the community, thus creating a need for community activity available to everyone. In realization of the foregoing, as early as last January, some of the members of Tinley Park Post 615 American Legion conceived the idea of sponsoring a Community Fourth of July celebration for Tinley Park, and the untiring efforts of these persons, among whom Ray Jacobs, the committee chairman, and Walter Diekmann, Post Commander, are outstanding, is now coming to fruition.

Several means of defraying the cost were discussed and it was decided that this could best be done by including a carnival to make the activity self-supporting rather than raising funds by popular subscription or other means. To handle an activity of this scope the Legion called upon the other organizations of the village for help and they responded willingly. The Volunteer Fire Department, Business Men's Association, VFW and Auxiliary, St. George's Men's Club, Civic Club, Lions Club, Boy Scouts, Girl Scouts, Cub Scouts, RNA, WBA, the Recreation Committee and Sportsmens Club are among those taking part.

All organizations, business houses and individuals are invited to compete in the parade on July 4. Marchers, cars and floats taking part will assemble at 175th St. and Oak Park ave. under the direction of Parade Marshal Frank E. Jeffords. The parade will begin promptly at 10:30 o'clock, proceeding by way of Oak Park ave. to Memorial Park, where a committee of judges will award prizes to outstanding units.

The children's parade will start promptly at 2:00 p.m. July 6 and is open to all, starting with those in baby carriages and up to high school graduates. This will also assemble at 175th St. and Oak Park ave. and will proceed to the park, led by the Tinley Park school band, be reviewed, and the winners will receive prizes, following which there will be a concert by the band.

The big feature of the celebration, the fireworks display, will be presented in the evening of July 4th followed by awards. An interesting feature of the carnival in addition to the rides and games will be the "Old Fashioned Auction."

Parking and admission are free at the park; refreshments will be available, and there will be every facility for having a good time. Help make Tinley Park's Independence Day celebration a success by taking part in the parades and coming out for the fun on the 3rd, 4th, 5th and 6th of July at Memorial Park.

Thank You

The Board of Education of Community High school district 210 wish to express its appreciation for the fine support given the high school program in the election last Saturday.

(Bottom) The pile of joists is completed and piled to season, ready to be built into the new church. Shown left tonight, Otto Konow, Jr., Reed Burch and Clarence G. Rowley.

AN EASY WAY TO HELP

Many people have done many things for Homer Church since the fire on March 2; as a result, the finance committee have funds and pledges to cover more than half of the expected cost of the new building.

Now they have come upon a plan where anyone who will, may help with no money outlay and only a very small amount of time.

This is known as the "Chris-

tian Herald Church Help Plan" and the idea is to save tokens from certain brands of merchandise, which when returned to the Christian Herald, will be rewarded by a small return of cash for each token. If you are not already saving these for your church and would like to help Homer church in this way, please contact Mrs. Elizabeth Anderson, R. 2, Lockport, for particulars.

Honor Ed. Schmidts On 25th Anniversary

Mr. and Mrs. Edward Schmidt of Mokena have now been married 25 years, and recently two big celebrations were held in observance of it.

Sunday, June 22, Mr. Schmidts family in Mokena observed the event by having a family dinner in the home of his sister, Miss Christina Schmidt. This was a "surprise party."

Twenty-five relatives were present at this gathering—brothers, sisters, and their families. The couple was given an electric coffee percolator and many other fine gifts.

Last Sunday, June 29, Mrs. Schmidt's folks gathered at the farm home of her brother, Mr. and Mrs. Albert Lorenz, in Frankfort. Forty-five guests were present. Among the gifts

was a tree with twenty-five silver dollars hanging on it.

At each of these occasions a huge wedding cake was served. In addition to these two celebrations, last Saturday evening, June 28, Mr. and Mrs. Edward Schmidt were entertained at dinner at the home of Mr. and Mrs. Gilbert Ammann, in Chicago.

Give Square Dance To Aid Children

A square dance will be given for the benefit of Happy Day School for the mentally retarded children of the Tinley Park area, Friday, July 4, at Saenger ballroom in Tinley Park.

Dancing will start at 9:00 p.m. and continue until 1:00 a.m. Refreshments will be available. Everybody is invited and a large attendance is anticipated.

MOKENA RNA

The Sunbeam Camp of Royal Neighbors of America will meet Tuesday evening, July 8 in the VFW hall on Wolf road.

Makes Last Run On Rock Island

Gordon Taylor of New Lenox, who has been an engineer on the Rock Island freight and passenger trains for the past fifty years, made his last run Friday, June 27.

Now 65 years of age, Mr. Taylor has retired, and will remain at home with his wife, Helena, who is recuperating from an operation, necessitated by a broken hip incurred in a fall on December 29, 1950.

After completing his last run, Mr. Taylor was honored at a party held at the 16th street Rock Island yards, where he was presented with a purse containing \$68 from his co-workers. Photographs of him were taken, which are now making their appearance in the Railroad Journal.

The Taylors moved to New Lenox from Joliet 35 years ago last May. They resided in Joliet four years prior to coming from Chicago. They were married on April 2, 1914.

Marilyn Kohlhaugen Weds George North In Bloomington

A double ring ceremony which was read Sunday May 25 at 4 o'clock in the Second Presbyterian church in Bloomington, united in marriage Miss Marilyn Jean Kohlhaugen and Mr. George North.

The Rev. Robert Urquhart performed the service with Miss Betty Hodges, soloist, accompanied by Mrs. Douglas Englehart, organist. The church was adorned with candelabra, ferns, palms and small vases of white snapdragons at the altar. There were 225 guests present.

The bride, daughter of Mr. and Mrs. Alvin W. Kohlhaugen of New Lenox, was given in marriage by her father. The bride chose a gown of white mousseline de soie over satin with fitted bodice and covered with imported Venetian lace. Her bouffant skirt was worn over crinoline with a chapel length train. She wore a fingertip veil of imported silk illusion with a bandeau of heart-shaped brim edged with simulated pearls.

Her flowers were a white orchid with stephanotis. Miss Ann Walters was maid of honor in aqua nylon net over taffeta with bodice of imported white Venetian lace that was identical to the lace of the brides gown.

Bridesmaids were Miss Sally Kaye and Miss Marilyn Rowe. Their gowns were yellow nylon net over taffeta with bodices of imported white Venetian lace. They wore matching stoles with crownless bonnet-shaped hats and carried cascade bouquets of chrysanthemums.

Attending his brother-in-law as best man was Alfred Janssen of Pekin and groomsmen were Richard Kohlhaugen of Rockford, and Dave Patterson of Bloomington. Ushering were Don Kohlhaugen, Clyde North, Arthur Grube and Charles Tevis.

For her daughter's wedding, Mrs. Kohlhaugen chose a jacket dress of blue shantung with blue and white accessories and a corsage of red roses. Mrs. North chose navy blue with navy and white accessories and an orchid corsage.

A reception in the church parlors followed the ceremony. For a wedding trip to Colorado the new Mrs. North chose a rose suit with navy accessories and a white orchid. The couple will reside at El Paso, Ill. where Mr. North is engaged in farming with his father.

The bride attended Bloomington high school and is employed by State Farm Insurance companies. Mr. North attended El Paso high school.

Several relatives and friends from New Lenox and Frankfort attended the wedding and reception. Among those were the bride's grandparents Mr. and Mrs. Harry Kohlhaugen of New Lenox.

four years ago when she came to this country, and her parents had not seen her baby.

While in England, Mrs. Patterson visited the seaside in Bignor, saw the changing of the guard at Buckingham Palace, at which time she also saw Queen Elizabeth and her husband at Ascot. She also paid a visit to Windsor Castle.

Grand weather prevailed throughout the trip, except for four partially rainy days during the six-week stay. Mrs. Patterson says it is very cool in England and when the thermometer hits 72 everyone thinks it is very hot.

The trip both ways was made by plane.

ANGLERS MAKE GOOD CATCH AT LAKE WILL

A couple of Tinley Park anglers made a fine catch of large mouth bass, at Lake Will in Wilmington Thursday. Willis Guth and John Paul, members of the Will County Sportsmen's Club were the lucky fishermen. One of the five bass which were caught, measured 15 inches. This is considered a good size.

FOUR NEW WATER PROPOSALS PRESENTED TO MOKENA BOARD

**Local Reporter Proved Not Responsible
For Articles in Joliet Paper as Accused**

The regular meeting of the Mokena village board was held at the village hall Tuesday evening. At this meeting Mrs. Florence Pitman, reporter for the Joliet Herald-News, told the board that it had been intimated to her that she was accused of writing slanderous articles for the Joliet Spectator, involving local citizens and the proceedings of the village board. Mrs. Pitman declared she had nothing to do with the writing of such articles. The time element is what clears her, she stated, and precludes the possibility of her having sent these articles in to the Spectator. She just did not have such information as given by the Spectator.

On May 14 the story of the resignation of former board member Robert Hohenstein was in the hands of the Spectator before Mr. Hohenstein had mailed his letter of resignation to the village clerk. Mrs. Pitman stated that Hohenstein told her he did not give this story to the Spectator and that he branded the allegation that Everett Cooper had threatened him in any way was absolutely "false and untrue." Mrs. Pitman stated that she had talked with Mayor Spiess and Trustee McMillan who stated they did not know about Hohenstein's resignation until they were so informed by Village Clerk Sorenson after he had received it. Evidently, Mrs. Pitman stated, it must have been reported by people with whom Hohenstein had conferred. Mrs. Pitman suggested that members of the board inquire from Mr. Hohenstein to substantiate her statement.

Russell Anderson, a board member told her that she had never been accused of writing the Spectator reports.

Mrs. Pitman recalled to Mr. Anderson that he had criticized one word in an article which she had sent in to the Joliet Herald-News. Mr. Anderson stated: "This one word I asked you about was a very important word. There is a big difference between the word 'settle' and the word 'paid.' I hope it is a forgotten issue. It was not the proper word to use there."

Mrs. Pitman: "You are interested in my reporting of the meetings. You are not interested in the Spectator reports."

Mr. Anderson brought out the fact the reason he did not criticize the Spectator articles was because he is not personally acquainted with those connected with that paper.

The action of the police committee in hiring Whitney Carter as local chief of police was approved by the board. They suggested he confine his activities to the village and local offenders.

In the reading of the minutes it was shown that James Fasset and Wendell Hamilton had been sworn in as trustees of the village at a special meeting a week previous.

It was agreed that there should be a report in the paper at least once a month of police violations in the village, the names of offenders, fines etc. This report will be made by Judge John Balaz, who read the names of several recent offenders and the fines imposed in each case.

The nuisance committee discussed the subject of dogs running at large. A kennel has now been provided for the keeping of such dogs. This applies to all dogs running at large, whether licensed or not. Dogs should be attached to a leash.

It is planned to prime and seal certain streets and alleys. About 3000 gallons of dusting oil will be required for this purpose. Most of the holes have been filled with black topping, and the work is proceeding.

Sheldon Hauck submitted plans for a proposed garage building on his property on Wolf Road, and requested the issuance of a building permit. Both of his lots are zoned for business and Mr. Hauck would like to start construction within a week. The lots in question are 8 and 9 in Brennan's subdivision.

After considerable deliberation the board ruled that a permit to build a gas station be granted Mr. Hauck, with the understanding that no above ground tanks be permitted to be erected, except for the storage of fuel for his own heating purposes, all to be subject to the approval of the fire marshal.

It was suggested that the zoning ordinance be revised to comply with present day requirements. Action will be taken on this. The building ordinance was regarded O. K. as it now stands.

Harold Warren, representing the bond house of Benjamin & Lang, of Chicago, presented some new figures and estimates on waters and sewers based on meter readings we now have.

It was the consensus of opinion of the board that the citizens of Mokena are generally agreed that some improvements in water extension and sewer are necessary and would be acceptable if the right plans are proposed.

The subject of an additional well was discussed, to obviate the danger and inconvenience that existed for two days last winter when the present water system failed and had to wait for parts to come from Akron, O. It was pointed out that a new well could be drilled without great cost, and the present one could be used as a booster.

It was agreed by all board members that the people should be given an opportunity to vote on any water and sewer issues that may be proposed.

It was decided that the board consider four propositions advanced by Mr. Warren—all of them on the water issue, none on sewerage—during the coming week. The board will meet again next Tuesday evening to consider these four propositions further. Every member is expected to come up with an opinion and lay it on the table. The eventual decision will, of course, be up to the people.

THREE YOUTHS FINED

Three youths were arrested in Mokena last Saturday night. Preston Fortney, Jr., of Oak Lawn, was arrested by officer Russell Anderson for disorderly conduct, and Frederick Shunko, of Mokena, was arrested by the same officer on the same charge. Warren Nelson, Mokena, was arrested by Officer David McMillan for making a U turn in the middle of the block, making it too fast, and making it from the wrong side of the street.

Each was fined \$7.00, which included costs.

PLAN NOW FOR HOMECOMING

Plans for Mokena's 13th annual Homecoming are coming along well. Awards to be made include a boy's and a girl's bicycle, an electric toaster, Coffee Master, Shave Master, Home utility kit, lawn umbrella, two lawn chairs, Dormeyer Friwell, casting rod and reel, and a Prepo torch. Awards will be given each night of the Homecoming, Friday, Saturday and Sunday, August 15, 16 and 17.

This year Mokena will elect a Homecoming Queen again, reports Elmer Schoeneck, general chairman of the Homecoming. Any girl between the ages of 16 and 21 in Mokena and the immediate vicinity is welcome to compete for the honor of being Queen of the Homecoming, and may register now for the voting at Boleman's drug store.

There will be free entertainment each of the three nights of the Homecoming, and other features of the celebration will be several games of skill and a central refreshment stand, some where along Front street where booths and rides will be set up, as has been the usual custom. A special feature of this year's Homecoming will be an old-fashioned auction on Saturday night, and as plans are developed, more information will be given concerning the auction.

Ben Mager, Frank's Banker, Dies at 68

Ben Mager, a prominent business man in Frankfort for the past 37 years, died Wednesday, June 25 in St. James hospital in Chicago Heights, following a short illness.

Mr. Mager, who was born in Orland township in 1884, farmed there until 1915 when he moved to Frankfort and became a partner in the garage business known then as the Heuser and Mager garage. He retired from farming in 1914. A few years ago Mr. Mager and his son LeRoy built the Frozen Food Locker in Tinley Park, which LeRoy is now operating.

During his years in Frankfort, Mr. Mager served as director and president of the Frankfort State bank for 14 years. In 1908 he was united in marriage with Miss Amanda Kampe, who passed away in 1939. On April 16 last, he married the former Mrs. Ethel Hafka.

Surviving, beside his widow, is a son, LeRoy, of Frankfort, a sister, Mrs. Joseph Kohl of Mokena; two brothers, Jacob of Blue Island, and George of Joliet, and two grandchildren.

The body was removed from the Hirsch Funeral Chapel in Frankfort, Saturday afternoon, where services were held, with the Rev. Erich Bizer officiating. Burial was in Pleasant Hills cemetery.

Custom Rates For Combining Expected

Custom rates for combining in the Northeastern Illinois area are expected to average about \$4.50 an acre for oats and wheat this season, according to Farm Adviser, Carl F. Mees.

Mees reports that these estimates are based on farmers' replies to questionnaires sent out earlier this year. Information on custom rates farmers charged or paid in 1951, and those they expect to charge or pay in 1952, was obtained from more than 850 farmers in all 10 type-of-farming areas in Illinois.

The 1952 report on custom rates, which gives farmers' estimates on 34 field operations, was prepared by R. H. Wilcox, University of Illinois agricultural economist. A copy of "Custom Rates for the Use of Power-Operated Farm Machines" may be obtained at the office of your county adviser.

viser. "With that full, clear picture of where we are, we can do a better job of planning our future hay and pasture programs in Cook County."

The federal-state reporting service and the College of Agriculture are conducting the survey jointly. First mailing to about 24,000 farmers was made in mid-May. As of June 2, 2,605 farmers, or 11 percent, had answered the nine easy questions. For Cook County, 348 questionnaires were mailed to our farmers, but as of June 2 only 30 had been returned. That's a 8.6 per cent return.

State crop statistician J. A. Ewing had hoped for a 40 per cent state-wide return, but only a few counties have enough returns now to give an accurate picture for the county.

"So if you get another of those covering letters in green ink with a questionnaire on hay and pasture, do your best to fill it out," urges the adviser. "It's stamped, 'Second Request.'"

Population Increase Poses Farm Problem

A University of Illinois economist today outlined a man-sized job ahead for farmers of Illinois and the nation. He says the problem of the next quarter century will likely be to produce enough food to go around rather than to find a way to dispose of surplus.

H. C. M. Case, agricultural economics department head of the College of Agriculture, reports that our U. S. population is expected to soar above 180 million by 1975. That means a fifth plate at the table where there are four today.

Case says that at present rates of production we will need at least 80 million more acres of cropland to produce the food to satisfy all appetites in 1975. But nearly all of the productive land is already under cultivation. So research workers and farmers must find ways to make about five of our present acres produce as much as six.

Case says that, while our population has doubled since 1900, total food production in the U. S. has increased 60 per cent since 1920. This increase was accomplished by adding more food acres and increasing food crop production per acre and production per animal.

Don't Use DDT On Garden Crops After Edible Fruit Forms

An insect specialist has cautioned home gardeners not to use DDT on crops after edible fruit or leaves have formed.

J. M. Wright, in the Illinois Natural History Survey, says DDT is a highly effective spray to control insects, but it leaves a harmful residue. It's best to avoid using it after edible fruit or leaves have formed. Rotenone, another general purpose insecticide, can be used with little danger of leaving poisonous residues.

Wright adds that parathion, also very effective against many garden insects, is not recommended for home garden use because of the dangers to persons handling or applying it.

For more detailed information on what insecticides to use for the common garden insects, write to the Illinois College of Agriculture, Urbana, or contact your county farm adviser for a copy of Circular 672, "Dusts and Sprays for Vegetable Insects."

CARD OF THANKS

We wish to express our deepest thanks and appreciation to all our good friends and neighbors, Rev. William Riemann and soloist, Royal Glahn and the Schmaedeke funeral home, for the kindness and sympathy extended to us in our recent bereavement.

FRED ANDRES FAMILY

Mr. and Mrs. Wm. A. Howland of Cleveland, Ohio, on their way home from a four week vacation trip, stopped in Orland Park over the weekend to visit their daughter, Mrs. Gust Zerbs.

Mr. and Mrs. Wm. Nicolai have returned from a delightful trip through Kentucky, Tennessee and North Carolina. They stopped at the Smokies, and Rock City. On their tour, they travelled 1573 miles.

Mr. and Mrs. Henry Wolske are the parents of a baby boy, born Tuesday, June 24 about 4:00 p.m. in St. Frances hospital Blue Island. The baby weighed 7 lbs. 8 oz. and has been named William Charles. Mother and

son arrived home Sunday and are doing fine.

Rev. Robert DeMoss attended the 113th session of the Rock River conference of the Methodist church in Naperville last week.

Mrs. Wm. Burkhardt spent the weekend with the Driscoll's in Lockport.

Judy Anderson spent last week as counselor at the 4H camp Shaw-Waw-Nas-See. She reports there was an overflow of campers so that tents had to be used for housing.

The WSCS of the Methodist church met at the home of Mrs. Virgil Henry June 26 for their regular meeting. A picnic potluck lunch was served at noon in the barn which made an ideal spot, as both the east and west doors were open to get the wonderful breeze. Mrs. Matt Ludwig and Mrs. John Loebe assisted with the serving. Mrs. Thomas Cooper had charge of the devotionals. Mrs. Henry suggested that each member send a greeting or birthday card to a missionary stationed in the various parts of the country, which was carried through.

The regular meeting of Laurel Camp 1796 RNA met at the home of Mrs. Ben Specht last Thursday evening. Mrs. Tom Ludwig assisted as hostess. Several new members were accept-

ed as well as some juvenile members. July 8 at 12:30 p.m. the members will have a picnic for the juveniles in the forest preserve on 143rd street across from the Reich home. This is in the form of a potluck lunch. All members and juveniles are expected to be at the picnic.

Games will be played and extra refreshments will be furnished by the camp members. July 10 the books of the recorder and receiver will be audited. After adjournment of meeting, a few rounds of bunco were played and refreshments were served by the hostesses.

The Church of the Nazarene closed a successful bible school of two weeks Saturday morning with a special children's service. The average daily attendance was from 25 to 30 children. Teachers were, Ruth Geissinger, Ethel Daughenbaugh, Herberta Ashum under the supervision of the pastor's wife, Wavolene Mounts.

Live Animals Trot Before Cameras In "Farm Town U.S.A."

"Farm Town, USA," the popular television program tells city folks something about life on the farm.

The half-hour show may be seen over WBKB, Channel 4, from 7 p.m. to 7:30 p.m. Saturdays. This is the first half of the time slot formerly occupied by the Ken Murray show, now off for the summer.

Live animals are brought into the studio at State and Lake streets to add realism and to give city folks a chance to see what little pigs or baby calves are like. Traffic stopped when a McHenry county farmer proudly led his state fair champion cow across Lake street and into the State-Lake building freight elevator for one of the recent shows.

Stenographers frantically jumped to the top of their desks when a sow and her seven pigs sauntered through the main lobby of WBKB on their way to the main studio for another show. Stagehands and cameramen cautiously watched when a hive of bees was brought into the studio so the viewers could see how honey is produced. They winced when Ellsworth Meinkke, Arlington Heights, beekeeper let a bee sting him. Viewers were surprised at how easy it is to remove a stinger—if you know how.

"Farm Town, USA," is presented by the Illinois Agricultural Association, the state-wide Farm Bureau, to acquaint the consumer with farm animals as well as with some of the folks who produce the food and fiber that makes this the best-fed nation in the world.

Warns Politicians

DR. LOUIS H. BAUER of Hempstead, New York, new President of the American Medical Association, who this week urged both major political parties to write platforms which "disavow all threats to our Constitutional independence and liberty."

CHICAGO—Warning both the Republican and Democratic Parties that the eyes of the world will be upon them during their July conventions in Chicago, the new President of the American Medical Association Tuesday night challenged them to nominate fearless men of integrity who will be guided by the highest concepts of national welfare and world freedom.

Dr. Louis H. Bauer of Hempstead, New York, in his inaugural address delivered here at the 101st Annual Session of the AMA, declared that "a candidate who emerges from a smoke-filled room will be the candidate of defeat."

The People Watch

The two major political parties and their leaders have the task of giving the American people a Government that serves rather than a Government that dominates, Dr. Bauer said. Then, addressing his remarks to the July convention delegates, he added:

"You will not be alone in the convention hall. In these days of nationwide radio and television you will have millions of Americans watching you, testing your sincerity, weighing your judgment, analyzing your motives."

Prodigal Nation

Lesson for July 6, 1952

"YOU'RE going a long way back for a sermon," said a neighbor who reads this column, once when the topic was Jeremiah. Well, this column isn't intended to be a sermon. It is intended to be an offering of some thoughts on the Bible passages which are used as the Sunday school lesson in more than eighty different denominations of the Christian church. The writer, whether the writer of this column or those

When They Did as They Pleased

HOWEVER, let's have no apologies for going anywhere in the Bible, back or front. The voice of God speaks to us through it, and we can learn something from all parts of it.

For the next three months the lessons are to be about the rise of the Kingdom, from just after Joshua's time to the reign of Solomon. This week we have before us the first and last parts of a book (Judges) that covers many generations. This book contains some inspiring stories, and some so harsh or revolting that they never are studied in Sunday school.

The inspired prophet who first put these stories together and commented on them makes a significant postscript at the end, as if to explain some of the more shocking tales: Those were the days when there was no king, and every man did that which was right in his own eyes. There you have one of the keys for understanding this strange Book of Judges. It is the story of anarchy, of men doing as they pleased. Do laws annoy you? Do you sometimes feel that this would be a better world if we could do away with government entirely and let every man do as he likes? The Book of Judges shows what sort of world that would be—and you wouldn't like it.

The Cycle of Freedom

BANKING experts talk about business cycles, and show diagrams to illustrate them. The stories in Judges also make a kind of pattern, a wavy line that climbs up and dips down, over and over again. The curve is freedom, the low dip is slavery.

The little nation of Israel, or rather the little gathering of tribes not yet a nation, that went by that name, was struggling for a place in the sun. Sometimes they had no better than a place in the shade, in the shadows of national weakness, disgrace, defeat, slavery of one sort or another.

Other nations would "oppress" them in the various ways by which one nation can oppress another: by armed invasion, by military occupation, by making slave laborers, by exacting huge sums of money, by depriving them of trade or territory. And then after a long time of this, a hero would arise and lead the people back to freedom.

The Moral Cycle
If that were all, the Book of Judges would not help us very much. But the question is: Why does a nation lose its freedom?

The answer given in this ancient book has been confirmed in history many a time since. A nation is free when it deserves to be free; it loses its freedom when it no longer deserves it.

The careful reader can see in the Book of Judges another line rising and falling, the curving line of the nation's faith and moral life. When they "went after other gods,"—that is, when they sank to the sins and crimes which went with the worship of these "other gods," they lost their morals and at the same time lost their morale and their character. And a nation that loses its character is one that easily loses its freedom.

It is the way mighty Rome fell, and Spain, and many another. It is the way our own nation can fall. But the way out is also shown in the Bible.

The Book of Judges has been called the Book of the Prodigal Nation. It is the story of man's sin, but also of God's mercy. It sometimes takes long to learn the lesson, and sometimes it is never learned; but God holds out hope for the repentant nation, as he holds out hope for the soul that turns from its wickedness. Is it ever too late to repent?

Corn Needs Nutrients for 'Round Clock' Growth from Knee-High to Tassel Stage

Corn (right) which didn't have the benefit of extra nutrients, couldn't make the growth needed for top yields and quality.

ON THOSE warm summer nights when you can almost hear the corn crop grow, the roots are working 'round the clock putting nutrients into the plants, points out the Middle West Soil Improvement Committee. That's particularly true in the fast-growing period of July and early August. For between the knee-high and the tasseling stage, the corn plant will have used up almost two-thirds of the total nitrogen it needs all summer, better than 90 per cent of the potash and about 25 to 30 per cent of the phosphate.

Agronomists estimate that in this 4 to 5 week peak growth period, an acre of corn will use about 85 pounds of nitrogen out of a total of about 140 pounds needed for the entire season. It will use 95 pounds of potash out of a total of 105 pounds and 15 to 20 pounds of the 54 pounds of

phosphate needed to make the stalks and ears for 100 bushels of corn. These plant nutrients have to be in a readily available form so the corn plant can make quick use of them for maximum growth when it needs them most. If the corn plant runs short of nutrients in this vitally important time, you may get a lot of nubbins, poorly-filled kernels and limber cobs.

Best insurance for a fully-developed, high yielding corn crop is a complete fertilizer broadcast or plowed down before planting and a starter fertilizer applied in the row. When the soil has a good foundation of phosphate and potash, a side-dressing of nitrogen added anywhere from the knee-high stage to the second cultivation will pay off in extra bushels per acre at harvest time.

High Soil Fertility Needed for Bumper Wheat Yields Plump Kernels and Extra Protein

THE payoff on your wheat crop is the grain in the bin after harvest, points out the Middle West Soil Improvement Committee.

To make a good crop, your soil has to supply plenty of plant nutrients.

"If you expect to get lots of kernels per acre," says a statement by the committee, "your wheat has to have lots of heads. And many meshes per head."

"High yields usually mean high quality grain, with plump kernels and a better than average protein content."

When your soil is well supplied with a balanced stock of nitrogen, phosphate and potash, the wheat will develop a strong, thicker root system, says the committee. This enables the plants to forage through more soil for nutrients and water. It makes for more tillers per grain or seed, makes more heads per acre, gives heads that are longer and increases the number of kernels per head.

Kernels that have enough plant nutrients will be plumper and heavier and frequently will have higher amounts of protein that makes them better feed for livestock.

Farmers who produce top wheat yields report that adding a complete

Well fertilized wheat makes more heads per acre, more kernels and extra protein.

fertilizer at seeding time and then following with a nitrogen top dressing in the spring gives them extra bushels per acre.

Mac Arthur Book Should Be Read by All

Something has happened to the United States of America during the past 20 years that should be of the utmost concern to every American citizen. We have witnessed the steady deterioration of morality in government, the steady rise of taxes to the point of confiscation, the advance of a carefully designed paternalism which renders the individual and community dependent upon the support of the federal government, and the shocking spectacle of the President of the United States, in complete defiance of the Constitution, plunging this country into an Oriental war in pursuit of ends no one understands and involving consequences beyond measure.

A great leader has arisen in our midst who would have ended the Korean war, now entering its third year, more than a year ago. This leader would have ended the war by winning it. But because he proposed measures to win the war instead of dragging it along from stalemate to stalemate to protect the Oriental interests of some of our so-called allies, he was stripped of his command, ordered to leave Japan, the country he had administered so wisely that the conquered people became our friends.

This leader is General Douglas MacArthur.

No man of our time is more authentically the voice of real America than he. And as General MacArthur is such a leader, everyone should be familiar with his beliefs, opinions and policies.

Those are pronounced in a new book, entitled "Revitalizing a Nation," published by the Heritage Foundation, 75 W. Wacker-

Drive, Chicago 1. Fiber-bound edition is \$1.00 per copy. The book, which consists of 120 pages, is well illustrated.

In this book the stalwart, romantic figure of General MacArthur brings the great hope, dreams and ideals of our country to life again. In crystal clear language America's greatest master of English states the case for America. Every paragraph is an inspiration and a challenge.

Quoting General MacArthur in this book: "If the historian of the future should deem my service worthy of some slight reference, it would be my hope that he mention me not as a commander engaged in campaigns and battles, even though victorious to American arms, but rather as one whose sacred duty it became, once the guns were silenced, to carry to the land of our vanquished foe the solace and hope and faith of Christian morals. Could I have but a line a century hence crediting a contribution to the advance of peace, I would gladly yield every honor which has been accorded in war."

The book is divided into two parts. Part I, MacArthur's Beliefs and Policy. Chapter heads are: Where I Stand, The New Japan; Asia and the Pacific; Korea: Failure of Leadership; Aid to Europe—Taxes; World War III; Decision of the People. Part 2, Visual Evidence. "Revitalizing a Nation" is an American document that should be widely distributed. Regardless of party affiliation, it should go into every home in America, rekindle the fires of faith and patriotism, so much needed in where it will have a chance to these alarming days when America once again stands at the crossroads.

Publicizing Raffles, Drawings Prohibited By Post Office Dept.

This newspaper has frequently called attention to the fact that the publicizing of raffles, drawings, etc., is contrary to postal law, and we cannot, therefore, publicize such events, inasmuch as our newspapers are circulated through the mails.

Recently the House Committee on Post Office and Post Roads favorably reported HR 5850, a bill to authorize the Postmaster General to impound mail in certain cases, including mail dealing with lotteries. Just what effect this legislation will have on seizures of newspapers containing lottery advertisements or news items is not yet clear.

However, to avoid complications, news items or advertisements and any reference to raffles, drawings, lotteries etc. must be omitted. In any event, such references will have to be deleted by this newspaper, in accordance with postal regulations.

Nothing is as good as STA-DRI for stopping water and beautifying masonry. STA-DRI is the inorganic mineral coating for all masonry, that stays white when wet, is not subject to weather-wear, organic deterioration, disintegration, rubbing off or flaking and is stone-like in resisting erosion.

Newcomers to the masonry waterproofing field say "new," "never before" and make claims that STA-DRI has exceeded for years with hundreds of thousands of satisfied users to prove it. Only STA-DRI dares to advertise and support the claim that IT WILL HOLD A WALL OF WATER NINE FEET HIGH WITHOUT LEAKAGE. Containing a mold and mildew inhibitor, STA-DRI comes in white and a variety of colors at no extra cost. Don't be satisfied with "second-raters" or take something that's "just as good." Demand the package that says "Best by Test." Demand STA-DRI.

CARD OF THANKS

We want to express our deep appreciation to all our friends and neighbors for their wonderful kindness shown to us during the illness and death of our dear husband and father, Leslie Clark to Rev. William Riemann, Oliver Keisler, soloist and Mrs. Donald Maue, organist for their comforting services; also to those who sent floral offerings and for the use of automobiles.

MRS. LESLIE CLARK,
FREDERICK AND ROBERT

The Misses Nora and Lydia Groth left Saturday on a two week's vacation trip to the Canadian Rockies.

Mrs. Jessie Sippel returned last Thursday from a three week visit with friends at Mt. Vernon, Mo.

A son was born to Mr. and Mrs. Harold Balaz of Joliet in Silver Cross hospital June 24. The baby weighed seven pounds four ounces, and has been named Harold John. He is a grandson of Mr. and Mrs. John Balaz.

Mr. and Mrs. W. E. Houchin moved from the Joliet trailer park last Friday to the farm of Mr. and Mrs. Bert Spiess.

Mr. and Mrs. H. Etherton and daughter Peggy of Owatona, Minn., spent several days last week with her brother Ray Westlund and family. Bill Etherton, their son, was graduated from the DeForest Television school in Chicago Friday. He returned home with them. Saturday morning another sister of Mr. Westlund, Mr. and Mrs. Elton Goetsch and family of Brazil, Ind., spent several hours with him and family as they were en route to spend a week vacation in Michigan.

Mr. and Mrs. Hugh Deadmore and the former's brother, Mr. and Mrs. Lew Deadmore and daughter of Blue Island, left Saturday morning for a week's vacation with their aunt, Mrs. Ryerson at Abington, Va.

Mr. and Mrs. Gordon Bruce and family returned Friday from a two week's vacation. They motored through several southern states including Florida. They visited with friends enroute. Mrs. Bruce's parents of Chicago accompanied them. In their absence Bonnie and Donna Bruce remained with their aunts in Chicago.

Mrs. Emil Baar and Mrs. Roy Madson of Ellsworth, Wis. are spending this week with their sister Mrs. Jessie Sippel.

Ricky Muehler, son of Mr. and Mrs. Richard Muehler, celebrated his 5th birthday Saturday with a party at his home. Guests who enjoyed the games were Terry Muehler, Milda Schroeder of Frankfort, David Howell, Margy Barenz, Mary Lora Hart, Kevin Hoolihan, Neil Erdmann, Jimmie McMahon of Peoria, Jerry Marriotta and Kenny Kelly of Joliet. Mrs. Muehler served refreshments later in the afternoon.

Their daughter Barbara celebrated her 11th birthday June 24 with a theatre party. Refreshments were served at her home before going to the theatre. Guests were Carol Marti, Arlene Kleg, Martha Clark, Carol Muehler and Pat Boleman.

Mr. J. F. McMahon of Joliet, father of Mrs. Richard Muehler and Mrs. Bristol Lauffer, suffered a serious heart attack at his home last Friday and another slight attack Sunday morning. He is still at home as he cannot be moved to the hospital.

Mr. and Mrs. Peter Mancke received word that a daughter was born to their son and wife, Mr. and Mrs. Wilbur Mancke at Homedale, Idaho June 29. She has been named Mary Christine and weighed seven pounds, eight ounces. She will be welcomed home by her brother Philip and sister Katherine.

Karen Anderson, daughter of Mr. and Mrs. Russel Anderson, celebrated her 11th birthday June 24 with a theatre party at the Rialto theatre in Joliet. Among the guests were Margaret Jones, Phyllis Hacker, Claudia Halverson, Joanne Tisher, Bonnie Rydell, Suzanne Kellogg, Sandra Swinford, Carol Sherwood, Theodora Zemski, Sueann Shoop, Geriann Hull and Carole Gilmore. After the show Mrs. Anderson took them to Weber's for ice cream. An enjoyable time was had by all.

On Saturday, Karen entertained her aunt and uncle, Mr. and Mrs. J. A. Garcia and children Lynn and Susan of Gary, Ind. Also grandmothers Mrs. Marie Ahrens and Mrs. Nels Anderson and uncle Ray Heimerdinger and son Thomas of Mokena.

A new resident to Mokena is the C. Watkiss family from Chicago. They have purchased the remodeled cottage of Buesch's on Wolf road and have moved there. Their home in Chicago was destroyed by fire.

Mr. and Mrs. Carl A. Denlinger have purchased the remodeled house of Milton Geuther's on First street and have moved into it. They formerly lived in the former Hensel drug store building.

Mr. and Mrs. Albert Cappel, Mr. and Mrs. Wesley Cappel and family, Miss Almira McGovney and Mrs. Amanda McGovney motored to Elmhurst Saturday and spent the evening with Mr. and Mrs. Elsworth McGovney and son.

Mr. and Mrs. Gordon Bruce, Mr. and Mrs. Wesley Cappel and Mr. and Mrs. W. A. Muehler and their families plan to leave today for Bass Lake, Ind. where they will remain over the Fourth. They will visit the Roy Kropp family and enjoy swimming. The Sunday Evening club of St. John's church will meet at the Kropp's also.

Mrs. Harold Cooper will entertain her pinocle club in her home this afternoon.

Mr. and Mrs. Jack Dodsworth of Calgary, Canada are spending a few days with their cousins Mrs. Margaret M. Semmler and Mrs. Hugh Deadmore.

Jack Medema and Bill Bradl will spend the weekend at Muskegon, Mich.

Mesdames Emma West and Charles Jensen served one of their famous chicken dinners to more than 20 members and guests at the meeting of the Missionary society in their home Thursday. Among the guests were Mesdames Mary, Dora and Nile White of Lockport, Mrs. LaVerne Kasper and daughter of Phoenix, Ariz., Mrs. John West and daughter and Mrs. Jerome Paddock. At the business meeting, conducted by Mrs. Robert Shepherd, the society voted to pledge \$300 to the church budget for the fiscal year which began June 1. They have on hand sufficient funds to complete their \$500 pledge to the building fund. They planned a food and bake sale to be held at the Bump Service Station in July.

There will be no meeting of the Wayside Circle of King's Daughters this week because of the Fourth holiday, but Thursday, the tenth, the circle will hold a picnic at the Henry Burch home with potluck dinner at noon.

The Hi-X club had as their guests Sunday evening, the Pilgrim Fellowship group from the Lockport Congregational church. They met at the Coleman home at six o'clock, then went to Messenger woods where they enjoyed a picnic supper and discussion session, and later a hay rack ride.

Carol Burch and Charlene Jensen have accepted positions with Joliet stores for the summer months.

Mrs. William Underwood has returned to her home with her infant daughter, Cindy Lou. The baby will be a playmate to Sharon, the older child of the family.

Mr. and Mrs. Joseph Mlynarik

and Bonnie motored to Camp MacLean, at Burlington, Wis., last Sunday where they visited their son Martin, who is spending two weeks at the YMCA camp there.

Mrs. Ray Carlson entertained the Lydia circle of First Presbyterian church Joliet, at a picnic at her home last Tuesday evening.

Capt. and Mrs. Fred Thatcher and daughter, Margaret, left Tuesday for their home in Rapid City, S. D., after spending several days here as the guests of her parents, Mr. and Mrs. George Welter and other relatives. On Monday evening they were honored guests at a family dinner in the Bruce Anderson home.

George J. Bump visited the Sheep show in Chicago last week. Mrs. Marion Ziesemer is attending night school in Chicago.

Elmer Rowley, dean of Joliet Junior College and a former Homer boy, has recently been elected vice-president of the Illinois Adult Education association.

Mrs. Charles Carr of Joliet, a former Homer resident, is spending a month in Buffalo, N. Y. Mr. Carr was a Sunday dinner guest in the Frank Loucks home.

The Will County garden center at the Sears Roebuck store, is featuring seasonal flowers this week and is in charge of the Lockport Flowers Growers club.

'Golden-Agers' Go On 10-Day Vacation

More than 225 "Golden Agers"—men and women ranging in age from 60 to 92 years—will be the first guests of the 1952 season at Wonderland, the Salvation Army's summer camp located six miles northwest of Antioch. The group left Chicago on June 30 for a 10-day vacation at the 70-acre camp.

In operation for more than 25 years, Camp Wonderland has 83 buildings scattered over the rolling woodland property. Colorful formal gardens are surrounded by long stretches of well-kept lawn. Campers may go swimming, boating and fishing in Center lake, a quarter of a mile wide and a mile and a half long.

Guests at Camp Wonderland are chosen by The Salvation Army's Family Service Department on the basis of need for a vacation, without distinction as to color or creed. Referrals are accepted from other Salvation Army departments and from the city's other social agencies.

R. I. Starts Work on Diesel Repair Shop

The Rock Island Lines has commenced construction of a \$1,000,000 diesel repair and servicing shop at 47th street and Wentworth avenue, on Chicago's south side, it was announced by J. D. Farrington, president.

The big facility will take the place of the roundhouse which was built at the turn of the century. Part of the roundhouse has already been demolished. The remainder will come down when the new building is completed.

The diesel house construction will be of steel frame and brick. Use will be made of glass block windows. Architecturally, the windows as well as conventional new building will be similar to the testing and research laboratory which was completed in 1946 and near which it will stand.

One of the largest facilities of its type on the railroad, the building will have six service tracks to accommodate a total of 12 diesel units at one time. In addition, there will be a wheel

storage track and a heavy repair track. Here all passenger and suburban engines operating into and out of the Chicago area will receive their service and repairs.

Solicit Funds for Glenwood School

Funds to send over 200 homeless boys to summer camp are being solicited by the Glenwood School for Boys. Gifts sent from the school's many friends and alumni are 65th anniversary presents, as the school is celebrating its 65th year of continuous service to the community.

Youngsters who will benefit from the camp fund will go to Blaisdell lake, Wisconsin to the Glenwood camp, which was donated to the school in 1949 by Mr. and Mrs. Delmar L. Kroeh-

ler. The camp accommodates approximately 100 boys.

Boys at Glenwood are given year-round care, since most of them come from homes broken by illness, divorce, death or financial misfortune. When they are not in camp, they are busy at Glenwood's home, school and farm for dependent boys near 187th and Halsted streets.

It costs one dollar a day to maintain a boy at the camp. There each boy is given an opportunity for outdoor life and summer sports which he would otherwise never have. Contributions to the Glenwood Camp Fund should be sent to the Glenwood School for Boys, Glenwood, Illinois.

No. 6 Checking Your Fan

When your fan won't run, disconnect it and try turning blades by hand. If they turn easily, the trouble is probably electrical. Check the brushes—make sure they are clean; that they have not worn past the point of good contact. Check the cord for breaks. If your fan is of the brushless, induction type, better have a serviceman check the starting mechanism.

Side Delivery Rake

Leaves Your Fields Clean!

No little wisps of hay are left in your fields. The 4-bar, small-diameter reel on this compact, high speed, smooth running No. 2 Side Rake covers the ground completely by taking long, overlapping sweeps. Your hay is handled with a gentle, non-shattering motion as the self-cleaning cylinder "floats" over the ground.

A windshield prevents hay from being blown onto the strippers and reel. The "easy-on-and-off" spring teeth can be replaced quickly. Drive gears are fully enclosed in a dust-tight, oil-bath housing. See the rugged No. 2 Side Rake and check its many features.

ENJOY PEACE OF MIND AT HARVEST TIME

DEPEND ON A JOHN DEERE NO. 12-A Combine

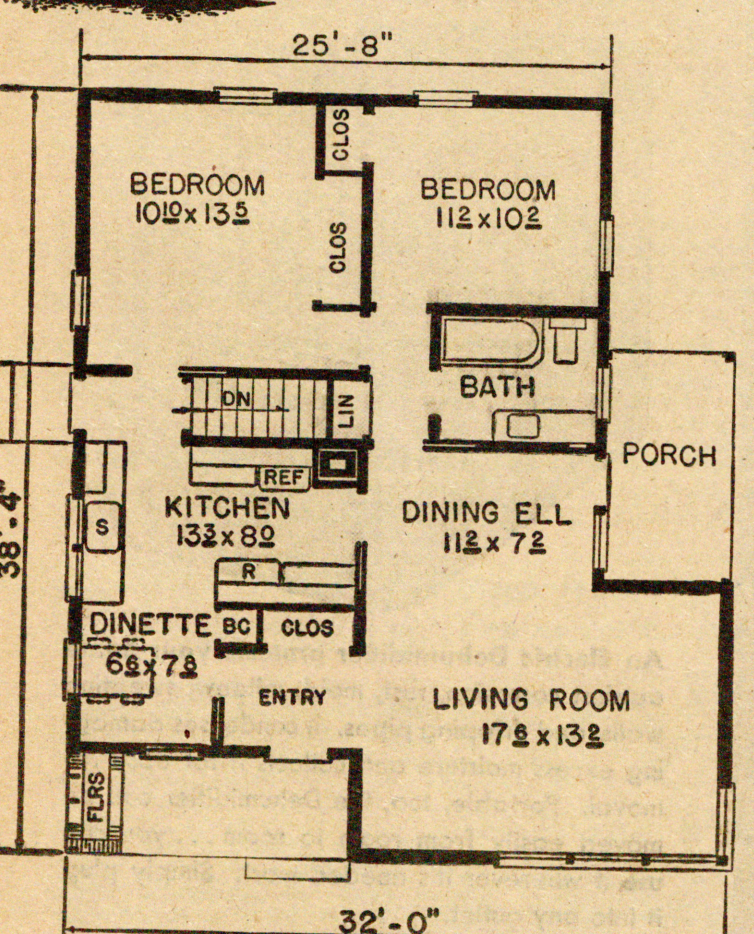

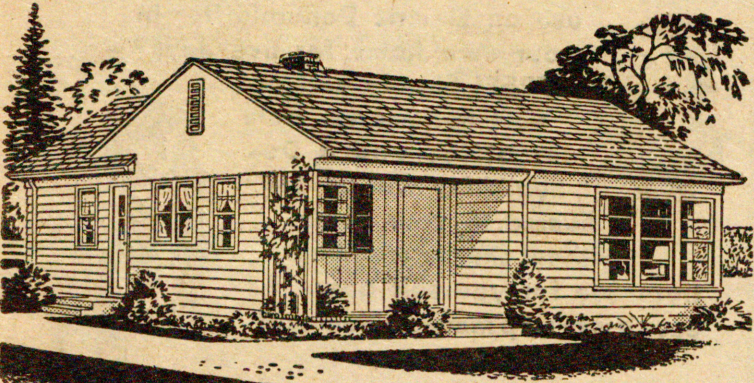

Owning a John Deere No. 12-A Full-Width, Straight-Through Combine is your best protection against crop losses at harvest time. Practically every harvest hazard has been whipped by the engineers who designed the No. 12-A.

Low-growing or crawling crops . . . tall, rank, weedy, or down and tangled crops . . . large, brittle, or tiny seed crops — they are all the same to the greedy No. 12-A. Just as long as there's grain or seed in the heads, you can bank on the No. 12-A to save it. That's why owners everywhere say, "We really enjoy peace of mind at harvest time with a crop-saving John Deere No. 12-A Combine."

Stop in soon for complete information on the No. 12-A Combine.

Ah yes, our wonderful Frankfort boys have won again. This time their victims were Crete boys. Final score 4-0. They might be still playing now if Buddy Becker's (Crete's pitcher) control wouldn't have deserted him in the fourth.

Ronnie Studnicki starts for first time and—oh brother. The hero was Ronnie Studnicki who started his first game on the pitcher's rubber. He didn't do much of anything except strike out 15 batters; pitch a no-run, no-hit game.

Ronnie was slightly terror stricken when Crete catcher Duffield flew deep to right. Dave Zechlin started in and then a stiff cross wind blew it out. Danner stuck up his mitt and turned as if to chase the ball. But then he saw the ball safely stowed in his mitt. Ronnie's only other trouble was when he walked one batter and hit another in the top of the fifth.

In the fourth Bill Hart led off for Frankfort by grounding to short. Zechlin slapped one thru the shortstop for a base on an error. Krusemark, Allen Fink, and Terry Schroeder walked, the latter walking Zechlin home. Mankowski struck out and Allen Mager made the only hit of the

game to center. The first two runs scored easily and the catcher let it go by and Schroeder scored, leaving Mager perched on third. Studnicki then struck out and it was the game. Frankfort wins again 1-147mh.

People must wonder why Allan Mager can be mad at himself for "bad pitching." That's not really the trouble, it's just that "Lennie" Mager has pitched 2 one hit ball games. Hhat's great pitching but to think the Allan could have entered the Wilco League Hall of Fame twice and he didn't make it either time is sickening.

Donnie Carter led off with a single in the second. Dave Zechlin flew out. Next Billy Hart doubled to right, Carter stopping at third. Then little Jerry Peipenbrink grounded to third, Carter scoring on the play. The inning petered out.

In the fourth Ronnie Studnicki singled to right. Carter struck out. Dave Zechlin singled to left but the left fielder let the ball go thru his legs and Dave pulled up at third, Ronnie scoring.

In the fifth a Beecher batter singled to left. Zechlin let it go thru him and the runner went racing around the bases. Zechlin relayed to Studnicki who fired a perfect strike to the plate and Schroeder put it on the runner.

Beecher never recovered from that great play.
In the sixth Ronnie Studnicki tripled to right and Carter was hit by a pitcher ball. But Frankfort couldn't capitalize on the chance. Frankfort plays their next game at Matteson Wednesday evening.

Tinley Park "B's"

by Jerry Hug
Tinley Park was handed its first defeat of the season, Monday, by Thornton A. A. The final score was 3-1, although Thornton had 2 unearned runs. Jack Tomlinson was the victim of some shaky fielding by his team mates and scored Tinley's only run himself.

Tinley scored its lone run in the 3rd when Tomlinson got his second hit of the night and stole 2nd base. Don Goesel, the next batter, drove him home with a single to right field. Goesel then stole 2 and 3 base, but neither Gallina nor Cupp could send him home. Tinley now has a 2 and 1 record.

On Tuesday, July 15, Socrates' philosophy will be brought to the listening audience thru the discussion of Plato's Apology and Crito. Theodore C. Bloch, 5664 Washington Blvd., will be the moderator.

The panel will be made up of Great Books leaders in the Chicago area. The round table will be conducted in the same manner as The Great Books discussion groups which meet regularly throughout the city and suburbs. The books will be selected from the reading lists issued by The Great Books Foundation.

Maywood Man Chosen To Head Lions Clubs

Edgar M. Elbert, Maywood is the new president of The International Association of Lions Clubs (Lions International). He was elected by unanimous vote at the 35th annual convention of the association at Mexico City. The convention concluded one

Edgar M. Elbert

of the most outstanding years in the history of Lions International, according to the report made by R. Roy Keaton, Chicago, Director-General of the association. He reported the addition of 909 new Lions Clubs during the year and a membership increase of 31,413. He stated also that during the past twelve months Lions Clubs were established in six additional countries Iceland, Netherlands, Germany, Japan, Belgium, and Brazil making a total of 37 nations in which Lions Clubs are in existence. As of May 31st of this year, there were 9,570 Lions Clubs and 449,029 members.

Elbert, in accepting the presidency said: "Such a meeting as this is our answer to those totalitarian leaders of our age who prosper and thrive on the mistakes of free men and women who have grown indolent on liberty and freedom. Such a meeting as this—like a siren in the night—fairly screams even beyond the iron curtains of this day, screams the fact that no free people stand alone—that our cord of friendship is at once a lifeline of courage to any weak portion of this cord subject to violation."

"I have never for a moment doubted the ability of combined free nations to withstand and defeat any armed attack by the forces of Communism. But we must remember that the will to resist wanes when the obligations and stewardship of free men succumbs to the luxury of liberty. Indifference, has felled nations and civilizations of great repute, nations now noted only on the pages of history. God forbid that our generation should not heed the clarion call to duty of such great meetings as this."

Elbert owns and operates a real estate and insurance company and is also owner and manager of Citizens Currency Exchange, Inc. in Maywood.
